INSTRUCTIONS

The Utah Employment Security Act provides that the Department of Workforce Services must determine the status under the Act of each business and each person independently established in a trade, occupation, or profession in Utah. This report is to be completed immediately and returned to P.O. Box 45288, Salt Lake City, Utah 84145-0288.

All items must be completed. If an item does not apply to your organization, enter N/A (not applicable).

Except as indicated below, all items are self-explanatory.

- Item 5. Name and address of accountant or other agent to whom quarterly tax reports are to be sent (if different from Item 4).
- **Item 6**. Name and address of agent who is able to provide information concerning wages paid and reasons for employees' separation from your employment.
- **Item 7**. Give street address, city, state and zip code. If you have more than one work location, give the address where the largest number of your employees work.
- **Item 13A**. Selection of this option will require that your organization reimburse the Unemployment Insurance Fund for the actual amount of unemployment paid to your former employees. You will receive a detailed billing each month showing the benefits paid to each individual for the prior month.
- Item 13B. Selection of this option will require that your organization submit a quarterly contribution (tax) report and pay a quarterly contribution to the Unemployment Insurance Fund. The contribution (tax) is calculated by multiplying the taxable wages paid during the quarter by the contribution rate. The rate is initially determined by using an existing rate which prevails for employers in your general business classification. After a fiscal year of experience (July 1 June 30), your rate for the next calendar year will be determined by the experience or history of benefits being paid to your former employees and taxable wages from your organization for the same benefit period.

If your organization is determined to be subject to the Utah Employment Security Act, your organization will be required to submit a quarterly list of employees showing each individual's social security number, name, and quarterly gross earnings. This is required regardless of the election for reimbursable or contributing coverage.

Item 14. The definition of wages is currently defined by Section 3306(b), of the Internal Revenue Code of 1986, with modifications, subtractions, and adjustments provided in Section 35A-4-208 Subsections (2), (3), and (4), of the Utah Employment Security Act with regard to how the wage base is determined. Wages means all remuneration for employment including commissions, bonuses, salaries or draws to corporate officers, tips and the cash value of all remuneration in any medium other than cash.

Earnings of elected officials, members of the judiciary, persons in advisory or policy-making decisions, and persons serving on a temporary basis in case of fire, storm, snow, earthquake, flood or similar emergencies, are not to be included on this report or any required quarterly reports.

If additional information is needed, please call 801-526-9400 or 1-800-222-2857 ext. 9400 (Instate toll free number). Fax 801-526-9377.
